To whom it may concern:

I am writing this letter in recognition of the high quality product Global Consulting LLC has delivered to Audi of America, Inc. Global Consulting has provided Audi with dealer candidate and general manager background screening services for the past year. The reports produced by Global Consulting have been accurate, timely and professionally formatted. Additionally, the Global Consulting staff members have provided immediate and courteous responses to inquiries relating to their reports.

Also of note has been Global Consulting's willingness to tailor their reports and services to the specific needs of Audi. This willingness began before Audi contracted for Global Consulting's services and continues today. The flexibility of their approach has allowed Audi to determine and organize the information gathered to provide maximum benefit.

Based on the foregoing, I can highly recommend the investigative services of Global Consulting LLC.

Sincerely,

Greg Champion
Manager, Dealer Franchising
