Dear Ms. Roman:

On behalf of GoldenTree Asset Management, it is without reservation that I can recommend Global Consulting and Investigative Services to you. Global has provided GoldenTree with background checks and pre-employment screenings since 2004. Each time the work has been performed in a highly professional and timely manner, always with the client's needs as top priority, and always with meticulous attention to accuracy and detail.

While ADP's payroll services continue to be regarded as among the best in the business, GoldenTree's transition in services from ADP to Global in 2004, with regard to processing security clearances and pre-employment screenings, was a direct result of repeated dissatisfaction with the quality of product and processing time required to expedite requests on the part of ADP.

As a long-standing, satisfied client, I truly appreciate the reliable and expeditious results produced by Global. The importance of their accurate and timely results cannot be overemphasized, particularly within the Finance industry.

Global's complete, accurate and professionally packaged reports have impressed both me and the Management within GoldenTree and I am happy to refer their services to firms seeking quality providers.

In the event that you have any inquiries regarding Global, I can be contacted at (212) 847-3452 or bchristian@goldentree.com.

Sincerely,

William Christian
